Addage Tile Grout

Addage Tile grout is a very fine grained polymer modified multi coloured powder

Suitable for tile joint Filling in wall and floor

Non Shrink, waterproof, crack free, economical good adhesion.

Application:-

Add one part of water to three parts of addage tile grout by volume. Mix to get a uniform smooth paste. Apply the tile grouts paste to the joints with spatula/squeeze. Remove the surplus with the damp sponge or wet cloth. Allow the paste to dry for a minimum period of 24 hours before use.
